JORS is the official journal of the OR Society.

Aims and Scope:

Bringing together key international research and practice in one accessible source, the **Journal of the Operational Research Society** is the world's longest established OR journal. It reflects all strands of OR— "hard" and "soft", methodology, practice and reviews and surveys.

The Journal aims to cover:

- Real applications of OR - forecasting, inventory, investment, location, logistics, maintenance, marketing, packing, purchasing, production, project management, reliability and scheduling
- A wide variety of environments - community OR, education, energy, finance, government, health services, manufacturing industries, mining, sports, and transportation
- Technical approaches - decision support systems, expert systems, heuristics, networks, mathematical programming, multicriteria decision methods, problems structuring methods, queues, and simulation
