Aims and Scope:

Risk Management aims to facilitate the exchange of information and expertise across countries and across disciplines. Its purpose is to generate ideas and promote good practice for those involved in the business of managing risk. All too often assessments of risk are crudely made and the consequences of getting things wrong can be serious, including lost opportunities, loss of business, loss of reputation and even life. This journal examines both the problems and potential solutions.

Online Features:

- Complete online archive available back to 1999.
- Advance online publication - definitive, citable version of papers (complete with DOI) available online ahead of print.
- Risk Management is indexed and/or abstracted in: Australian Business Deans Council (ABDC) Journal Quality List; Australian Research Council ERA Ranked Journals List; Ex Libris / Primo Central; CSA Environmental Sciences & Pollution Management; CSA Worldwide Political Science Abstracts; Gale; Infotrieve; Journal Citation Reports / Social Sciences Edition; OCLC; SCOPUS; SwetsNet; Thomson Reuters Social Sciences Citation Index®.
