Print ISSN: 0955-1662 Online ISSN: 1743-4645

Security Journal is affiliated to ASIS International.

Aims and Scope:

Security Journal is a dynamic publication that keeps readers informed about the latest developments and techniques in security management. Written in an accessible style, it is the world's premier peer-reviewed journal for today's security researcher and professional. The **Security Journal** publishes papers at the cutting edge in developing ideas and improving practice, focusing on the latest research findings on all aspects of security. Regular features include personal opinions and informed comment on key issues in security, as well as incisive reviews of books, videos and official reports.

Online Features and Site License Access:

- Online archive available back to 1999.
- A Site License provides access to all content published during the supply period. Access is granted to a further rolling four-year archive where available during the supply period only. Archive content not included in the license agreement is available to purchase.
- Users benefit from all the online features outlined on page 5.
- Advanced Online Publication – definitive, citable versions of papers (complete with DOI) available online ahead of print.
- **Security Journal** is indexed and/or abstracted in: Criminal Justice Abstracts; Criminal Justice Periodical Index; National Criminal Justice Reference Services; PsycINFO; Sociological Abstracts; SwetsWise; OCLC; Infotrieve; SCOPUS.
